- 1) Line 2 in page 1 incorrect : work by correct : work has been studied by
- 2) Line 3 in page 1 incorrect : It's a monocentricity model
 correct : It is a monocentric city model
- 3) Line 8 in page 1 incorrect : extent correct : extend
- 4) Line 8 in page 1 incorrect : recent correct : the recent
- 5) Line 9 in page 1 incorrect : have their separate correct : have separate
- 6) Line 10 in page 1 incorrect : case are exist correct : case exists
- 7) Line 13 in page 1 incorrect : decision correct : the decision
- 8) Line 16 in page 1 incorrect : office is in correct : office in
- 9) Line 19 in page 1 incorrect : pre-specified correct : pre-specify that
- 10) Line 22 in page 1 incorrect : does correct : conduct
- 11) Line 24 in page 1 incorrect : does not correct : does not conduct
- 12) Line 2 in page 2 incorrect : place correct : location
- 13) Line 3 in page 2 incorrect : I assume that A closed correct : A closed
- 14) Line 1, 6, and 7 in page 3 incorrect : The each correct : Each
- 15) Line 5 in page 3 incorrect : on order to correct : in order to
- 16) Line 9 in page 3 incorrect : maximizing correct : maximization
- 17) Line 9 in page 3 incorrect : which of correct : which consist of
- 18) Line 12 in page 3 incorrect : Now, (x^*, y^*) is a global maximum for $\pi(x, y)$ is a Nash equilibrium. correct : Now, location-pair (x^*, y^*) is a global maximum for $\pi(x, y)$, then it is also a Nash equilibrium.
- 19) Line 13 and 15 in page 3 incorrect : the each correct : each
- 20) Line 3,4, and 5 in page 4 incorrect : bit rent correct : bid rent
- 21) Line 6 in page 5 incorrect : interest pattern correct : interesting patterns
- 22) (25) in page 6 incorrect : per a firm correct : per firm
- 23) (25) in page 6 incorrect : who working correct : who are working
- 24) Line 1 in page 6 incorrect : From (3) in this correct : From (3) this
- 25) Line 3 in page 6 incorrect : So, it suffices correct : From (3) Hence, it will suffice
- 26) Line 1 in page 10 incorrect : I draw the figure only right hand side. correct : I draw only the right hand side of the figure.
- 27) Figure 6. in page 11 incorrect : Equilibram correct : Equilibrium
- 28) Line 3 in page 11 incorrect : is showing correct : shows that
- 29) Line 4 in page 11 incorrect : For separating correct : To separation
- 30) Line 6 in page 11 incorrect : cost- down of the communication is needed. correct : cost reduction of the communication required.
