OHTA-MATSUBAYASHI, Y., KATAKURA, H., KAHONO, S. and KIKUCHI, N.: A taxonomic review of the phytophagous ladybird beetles of the Diekeana alternans complex (Coleoptera: Coccinellidae: Epilachnini) with descriptions of eight new species and one new subspecies

SUGIMOTO, S.: Revision of the genus Yamatocallis Matsumura in Japan (Hemiptera: Aphididae)

SUGIMOTO, S.: Description of some morphs on the primary host of Micromyzodium kuwakusae (Uye) (Hemiptera: Aphididae)

TAKAGI, S.: The rosae group and the megaloba group of Aulacaspis (Sternorrhyncha: Coccoidea: Diaspididae)
INSECTA MATSUMURANA NEW SERIES

Edited by the Laboratory of Systematic Entomology
Hokkaido University

Editorial Board
S. Akimoto, Systematic Entomology, Hokkaido University
K. Yoshizawa, Systematic Entomology, Hokkaido University
E. Hasegawa, Animal Ecology, Hokkaido University
M. Ōbara, The Hokkaido University Museum

Advisory Board
S. Takagi, Professor Emeritus, Hokkaido University
M. Suwa, Professor Emeritus, Hokkaido University
Sh. Yamane, Professor Emeritus, Kagoshima University
Y. Sakamaki, Kagoshima University

Journal Information: Published by the Research Faculty of Agriculture, Hokkaido University. Obtainable in exchange for publications in entomology, systematics or biology, including applied fields. Publications in exchange and any communication with the journal should be addressed to Insecta Matsumurana, Systematic Entomology, Research Faculty of Agriculture, Hokkaido University, Sapporo, 060-0858 Japan (psoci@res.agr.hokudai.ac.jp). For Authors: Papers submitted to Insecta Matsumurana must not have been published or accepted for publication elsewhere. The journal expects authors to follow the guidelines of statutory bodies and other regulations of the country of origin during the execution of the research. If all the authors are non-HU staffs/students, the submitted paper must include indication of the material stored in or to be deposited in the Hokkaido University Insect Collection. All manuscripts submitted to the journal undergo peer review. © Research Faculty of Agriculture, Hokkaido University
