RECENT LITERATURE IN ENOTMOLOGY

1956*

Collembola

YOSHII, R.: Monographie zur Höhlencollembolen Japans. Contributions from the Biol. Lab. Kyoto Univ., No. 3, 1–109, 50 pls. [*Hypogastrura troglodites* p. 11, *H. quinqueoculata* p. 12, *H. fukugakuchiana* p. 13, *H. pilosa* p. 15, *Mesogastrura kuzuuensis* p. 18, *Brachystomella hiemalis* p. 20, *Anurida desnuda* p. 25, *A. diabolica* p. 26, *A. setosa* p. 27, *A. assimilis* p. 28, *A. vicaria* p. 30, *Coecoloba kurasawana* p. 35, *C. odai* p. 36, *C. hidana* p. 36, *C. wakasana* p. 37, *Crossodonthina appendiculata* p. 41, *Yuukianura nomurai* p. 43, *Neanura fodinarum* p. 45, *Onychiurus izuruensis* p. 51, *O. ishikawai* p. 55, *O. imadatei* p. 58, *Homidia munda* p. 70, *Cavernobrya shobuensis* p. 74, *Plutonurus yamatensis* p. 84, *Aphaenomurus interpositus* p. 86, *Tomocerus violaceus* p. 91, *Oncopodura japonica* p. 93, *O. puncteola* p. 94, *Arrhopalites habei* p. 98, *A. japonicus* p. 99, *A. uénoi* p. 100, Japan, **spp. n.**, *Coecoloba* p. 33, *Cavernobrya* p. 74, *Plutomurus* p. 78, *Aphaenomurus* p. 86, **g. n.**, *Propeanura* p. 46, **subg. n.**, *Hypogastrura communis exilis* p. 14, *Anurida assimilis persimilis* p. 28, *Onychiurus pseudarmatus teres* p. 53, *Isotomurus alticolus japonicus* p. 64, *Plutomurus suzukaensis ohminensis* p. 82, *P. suzukaensis naikaiensis* p. 83, *P. suzukaensis ehimensis* p. 83, *P. yamatensis kawasawai* p. 85, *P. yamatensis kyushuensis* p. 85, *Aphaenomurus interpositus denticulatus* p. 87, *Monodontocerus modificatus satsumensis* p. 89, *Tomocerus kinoshitai dentiferus* p. 90. **subspp. n.**].

Odonata

ASAHINA, S.: A new *Gomphus* from Manchuria (Odonata, Gomphidae). Kontyû, 24 (3), 155–156, 1 pl. [*Gomphus schmidti* p. 155, Manchuria, **sp. n.**].

Homoptera

TAKAHASHI, R.: Insects of Micronesia. Homoptera: Aleyrodidae. Ins. Micronesia, 6 (1), 1–13.

————: Scale insects of Shikoku (Homoptera: Coccoidea). Trans. Shikoku Ent. Soc., 5 (1–2), 1–17.

Neuroptera

NAKAHARA, W.: New or little known Hemerobiidae from Japan and adjacent

* The papers published in the Insecta Matsumurana, Vol. 20, Nos. 1–2, 1956 are omitted.

Territories (Neuroptera). Kontyû, 24 (4), 182-191, 5 pls. [*Kimminsia ogatai* p. 184, *Hemerobius griseus*, p. 185, *H. kobayashii* p. 186, *H. radialis* p. 187, *Eumicromus diminutus* p. 188, Japan, *E. okinawanus* p. 189, Ryukyu, **spp. n.**].

Trichoptera

KOBAYASHI, M.: A new species of *Arctopsyche* from Japan (Tricoptera). Bull. Nat. Sci. Mus. Tokyo, 3 (2), 83-85, 1 pl. [*Arctopsyche kurosawai* p. 83, Japan, **sp. n.**].

Lepidoptera

INOUE, H.: Some Geometrid-moths from Yakushima. Ent. Rev. Jap., 7 (1), 1-8, 2 pls. [*Agathia lycaenaria chizumon* p. 1, Japan, **subsp. n.**, *Chogada yakushimana* p. 6, Japan, **sp. n.**].

————: Two new species and one new subspecies of the Nolidae from Japan. Kontyû, 24 (3), 157-158, 1 pl. [*Celama emi* p. 157, *C. nami* p. 158, Japan, **spp. n.**, *Nola banghaasi sumi* p. 158, **subsp. n.**].

————: A new species of Heterogeneidae. Kontyû, 24 (3), 159-160, 3 figs. [*Kitanola speciosa* p. 160, Japan, **sp. n.**].

SHIRÔZU, T. & H. YAMAMOTO: A generic revision and the phylogeny of the tribe Theclini (Lycaenidae). Sieboldia, 1 (4), 329-421, 50 pls. [*Gonelitia* p. 348 **g. n.**, *G. seraphim* OBERTHÜR, *Cordelia* p. 349, **g. n.**, *C. comes* LEECH, *Protantigius* p. 357, **g. n.**, *P. superans* OBERTHÜR, *Ravenna* p. 360, **g. n.**, *R. nivea* NIRE, *Esakiozephyrus* p. 376, **g. n.**, *E. icana* MOORE, *Chrysozephyrus* p. 381, **g. n.**, *C. smaragdina* BREMER, *C. tienmushanus* p. 387, China, **sp. n.**].

Coleoptera

CHÛJÔ, M.: Descriptions of two species of the Japanese Mordellid beetles with notices on three known species. Kontyû, 24 (3), 174-178. [*Mordellistena edashigei* p. 174, *Glipostenoda hisamatsui* p. 175, Japan, **spp. n.**].

CHÛJÔ, M. & H. GOECKE: Contribution to the fauna of Chrysomelidae (Coleoptera). Akitu, V (3), 60-62. [*Donacia japana* p. 60, Japan, **sp.n.**].

HABU, A.: Eine neue Bembidion-Art aus Japan. Akitu, V (4), 87-90. [*Bembidion inaense* p. 87, Japan, **sp. n.**].

————: A new species of *Agonum*, with some notes on the genus *Agonum* and its subgeneric Divisions. Kontyû, 24 (3), 166-169. [*Nagonium* p. 166. **subg. n.** *Agonum kitanoi* p. 166, Japan, **sp. n.**].

————: One new *Nebria* species from Mt. Hiko, Kyushu. Kontyû, 24 (3), 170-173. [*Nebria hikosana* p. 170, Japan, **sp. n.**].

KISHII, T. & H. OHIRA: Snappers of Niigata-Prefecture, especially on the collection by Dr. KINTARO BABA, with the descriptions of some new forms. Akitu, V (3), 71-84. [*Hypolithus motschulskyi echigoanus* p. 81, *Ampedus longipennis amakazaricola* p. 83, **subsp. n.**, *Sphenomerus babai* p. 82, *Me-*

lanotus koikei p. 83. Japan, **spp. n.**].

KUROSAWA, Y.: A new genus and the species of the family Lymexylonidae with the additional notes on some Japanese species (Coleoptera). Bull. Nat. Sci. Mus. Tokyo, 3 (2), 80–82. [*Neohylecoetus* p. 80, **g. n.**, *N. javanus* p. 81, Java, **sp. n.**].

NAKANE, T.: A new *Coptoderina*-species from Japan (Carabidae). Akitu, V (4), 104. [*Coptoderina esakii* p. 104, Japan, **sp. n.**, *C. esakii taiwana* p. 104, **subsp. n.**].

OHBAYASHI, K.: New Lycidae from Japan (Coleoptera). Akitu, V (3), 57–59. [*Stenolycus* p. 58, **g. n.**, *S. ohirai* p. 58., *Plateros nigroscutellaris* p. 59, Japan, **spp. n.**].

SAWADA, K.: Neue Pselaphinen von Japan (Coleoptera: Pselaphidae). Akitu, V (4), 101–103. [*Bibloporus japonicus* p. 101, *Phthartomerus nanus* p. 102, Japan, **spp. n.**, *Phthartomerus* p. 102, **g. n.**].

————: A new intertidal species of Staphylinidae from Ishigakijima, Ryukyu Islands (Coleoptera). Kontyû, 24 (4), 197–199. [*Brachypronomaea* p. 197, **g. n.**, *B. esakii* p. 197, Ryukyu, **sp. n.**].

TANAKA, K.: Notes on some speices of the genera *Tachys* and *Tachyura* from Japan and the Loochoo Islands (Coleoptera, Carabidae). Kontyû, 24 (4), 207–211. [*Tachys plagiatus shimosae* p. 207, **subsp. n.**, *T. gyotokuensis* p. 209, Japan, **sp. n.**].

Hymenoptera

TACHIKAWA, T.: The national enemies of *Kermes miyasakii* KUWANA (Homoptera, Kermidae) in Japan, with a list of the natural enemies of the genus *Kermes* of the world. Jap. Journ. App. Zool., 21 (2), 41–49. [*Cheiloneurus matsuyamensis* p. 44, Japan, **sp. n.**].

————: A revision of the species of the genus *Eugahania* MERCET, 1926 (Hymenoptera; Encyrtidae). Kontyû, 24 (3), 161–165, 1 pl. [*Eugahania yanoi* p. 162, *E. ishiharai* p. 164, Japan, **spp. n.**].

TUNEKI, K.: Taxonomical notes on some species of the Japanese *Rhopalum* (Hymenoptera, Sphecidae, Crabroninae). Akitu, V (3), 67–69. [*Rhopalum kuwayamai nikkoense* p. 67, Japan, **subsp. n.**].

YASUMATSU, K. & Y. HIRASHIMA: Discoveries of the genera *Macropis* KLUG and *Melitta* KIRBY in Japan (Hymenoptera, Melittidae). Kontyû, 24 (4), 247–255, 1 pl. [*Macropis tibialis* p. 248, *M. dimidiata* p. 250, *Melitta japonica* p. 252, *M. ezoana* p. 254, Japan, **spp. n.**].

Supplement

1955

Collembola

UCHIDA, H.: Apterygota of Marcus Island. Bull. Biogeogr. Soc. Jap., 16–19,

203-207. [*Polyacanthella oceanica* p. 203, Marcus Island, **sp. n.**].

Homoptera

TAKAHASHI, R.: Some scale insects of the Loochoo Islands (Homoptera). Bull. Biogeogr. Soc. Jap., 16-19, 238-242. [*Aulacaspis distylii* p. 240, Ryukyu, **sp. n.**].

———————: Some species of Aleyrodidae from Madagascar III (Homoptera). Mém. Inst. Sc. Madagascar, E (VI), 375-441. [*Dialeurolonga ambilaensis* p. 375, *D. aphloiae* p. 377, *D. elliptica* p. 378, *D. erythroxylonis* p. 379, *D. lata* p. 382, *D. mameti* p. 383, *D. multipapilla* p. 385, *D. paradoxa* p. 387, *D. phyllarthronis* p. 389, *D. similis* p. 391, *D. simplex* p. 393, *D. subrotunda* p. 395, *D. tamburissae* p. 397, *Aleyrodes ciliata* p. 399, *Pogonaleyrodes* (**g. n.** p. 400) *fastuosa* p. 403, *Bemisia psiadiae* p. 404, *Aleurotrachelus hazomiavonae* p. 408, *A. madagascariensis* p. 409, *A. plectroniae* p. 412, *Tetraleurodes adabicola* p. 414, *T. bararakae* p. 415, *T. fenestrata* p. 416, *T. hirsuta* p. 419, *T. pauliani* p. 420, *T. semibarbata* p. 422, *T. tsinjoarivona* p. 424, *Aleuroplatus agauriae* p. 425, *A. alpinus* p. 426, *A. dubius* p. 428, *A. manjakaensis* p. 429, *A. pauliani* p. 432, *A. polystachyae* p. 433, *A. robinsoni* p. 434, *A. serratus* p. 437, *A. tsibabenae* p. 437, *A. tsimananensis* p. 440, Madagascar, **spp. n.**].

Lepidoptera

INOUE, H.: Unrecorded moths from Shikoku (1), with description of a new subspecies. Gensei, 4 (1-2), 19-26. [*Fascellina chromataria nigrochromaria* p. 26, Japan, **subsp. n.**].

OKANO, M.: Notes on some Japanese Notodontidae. Ann. Rep. Gakugei Fac. Iwate Univ., 9 (2), 49-55, 2 pls. [*Fentonia ocypete* f. *unicolor* p. 49, Japan, **f. n.**, *Semidonta albilinea* p. 51, Japan, **sp. n.**, *Lophopteryx hasegawai* p. 53, Japan, **sp. n.**, *Neophosia fasciata japonica* p. 54, Japan, **subsp. n.**].

SUGI, S.: Early stages of two Herminiinae moths on moss, including a new species. Tinea, 2 (1-2), 119-123, 1 pl. [*Zancloynatha nigrobasalis* p. 109, Japan, **sp. n.**].

Hymenoptera

YASUMATSU, K.: On the bee fauna of the Bonin Islands. Bull. Biogeogr. Soc. Jap., 16-19, 219-223. [*Hylaeus boninensis* p. 220, Bonin Islands, **sp. n.**].
