RECENT LITERATURE IN ENTOMOLOGY

1958

Collembola

- UCHIDA, H.: A new species of Sminthuridae (Collembola). *Kontyû*, 26 (2), 76-77. [*Ptenothrix tateyamana* p. 76, Japan, sp. n.].

Thysanoptera

- SAKIMURA, K.: *Bolacidothrips evittatus* sp. nov. from Okinawa, with note on the genus *Bolacidothrips*. *Mushi*, 31, (9), 73-78. [*Bolacidothrips evittatus* p. 73, Loo-Choo, sp. n.].

Homoptera

- MORITSU, M.: Aphididae of Mt. Hikosan, Kyusyu. *Mushi*, 31 (10), 79-83. [*Anuraphis ilexis* p. 80, *Macrosiphum yasumatsui* p. 82, *Aulacorthum brevicaudum* p. 84, Japan, spp. n.].
- TAKAHASHI, R.: *Aleyrodes*, *Tuberaleyrodes*, and *Dialeurodes* from Japan (Aleyrodidae). *Ibid.*, 31 (7), 63-68. [*Aleyrodes sorini* p. 63, *Dialeurodes sakaki* p. 67, Japan, spp. n.].

Trichoptera

- WIGGINS, G. B. and S. KUWAYAMA: The caddisfly genus *Oligotricha* in Japan with description of a new species (Phryganeidae). *Cont. Roy. Ontario Mus., Div. Zool. Palaeont.*, No. 47, 1-8, 1957. [*Oligotricha spicata* p. 3, Japan, sp. n.].

Lepidoptera

- INOUE, H.: A new species of the Japanese Geometridae. *Tinea*, 4 (1), 228. [*Orthonama shiratai*, Japan, sp. n.].
- INOUE, H.: Three new species of the genus *Araeopteron* from Japan (Noctuidae). *Ibid.*, 4 (1), 229-233. [*Araeopteron flaccida* p. 229, *A. amoena*, *A. kurokoi* p. 230, Japan, spp. n.].
- INOUE, H.: A revision of the Japanese Lymantriidae (II), *Jap. Jour. Med. Sci. Biol.*, 10 (3-4), 187-219, 1957.
- OKANO, M.: Two new subspecies of *Erebia nipponica* JANSON from North Honsyu, Japan. *Tyô to Ga* (Trans. Lep. Soc. Jap.), 9 (2), 22-24. [*Erebia nipponica yakeishidakeana*, *E. n. shirahatai* p. 22, Japan, subspp. n.].
- SHIRÔZU, T. and W. CHUNG: *Euthalia malapana* n. sp., a new Nymphalid butterfly from Formosa. (In Japanese with English summary). *Ibid.*, 9 (2), 17-19. [*Euthalia malapana* p. 18, Formosa, sp. n.].
- SUGI, S.: Notes on some Japanese genera of the Noctuidae with descriptions of

- new species. *Tinea*, 4 (1), 179-199. [*Protomiselia* p. 181, *Xenotrachea*, *Bambusiphila* p. 184, *g. n.*, *Hadena kogurei* p. 188, *Mythimna monticola*, *Apamea hikosana* p. 189, *A. kyushuensis*, *Euplexia splendida* p. 190, *Jambia japonica* p. 191, Japan, *spp. n.*].
- SUGI, S.: Notes on some genera and species of the Japanese Cucullinae (Noctuidae). *Ibid.*, 4 (1), 200-222. [*Teratoglaea* p. 208, *g. n.*, *Lithophane nagaii* p. 202, *Eupsilia boursini* p. 205, *Rhynchaglaea fuscipennis* p. 207, *Teratoglaea pacifica* p. 209, *Conistra fletcheri* p. 211, *C. unimacula* p. 212, Japan, *spp. n.*].
- SUGI, S.: New species of *Jaspidia* from Japan, including close relatives to *stygia* BUTLER (Noctuidae, Acontiinae). *Ibid.*, 4 (1), 223-227. [*Jaspidia stygiodes* p. 233, *J. idiostygia* p. 224, *J. virescens* p. 225, Japan, *spp. n.*].

Coleoptera

- HABU, A.: On a new species of *Clivina* from North China (Coleoptera, Carabidae). *Kontyû*, 26 (1), 2-4. [*Clivina okutanii* p. 2, North China, *sp. n.*].
- HABU, A.: On a species of *Agonum* from Mt. Hiko, Kyusyu (The Carabidae-fauna of Mt. Hiko, XI). *Ibid.*, 5-6. [*Agonum chibi* p. 5, Japan, *sp. n.*].
- HABU, A.: On new *Bembidion*-species from North Japan (Col., Carabidae). *Ibid.*, 26 (2), 64-67. [*Bembidion negrei* p. 64, Japan, *sp. n.*].
- HABU, A.: Three new species of the genus *Pterostichus* from Japan (Coleoptera, Carabidae). *Ibid.*, 68-75. [*Pterostichus katashinensis* p. 68, *P. shiibanus* p. *P. fujimurai* p. 72, Japan, *spp. n.*].
- HABU, A.: Study on the species of the subgenus *Rhagadus* of *Pterostichus* from Japan (Coleoptera, Carabidae). *Mushi*, 31 (1), 1-13. [*Rhagadus* p. 1, *subg. n.*, *Pterostichus straneoi* p. 5, *P. satsumanus* p. 6, *P. takaosanus* p. 8, *P. brittoni* p. 10, Japan, *spp. n.*].
- HABU, A.: Description of a new *Trichotichnus*-species. *Akitu*, 6 (4), 76-78. [*Trichotichnus fukuharai* p. 76, Japan, *sp. n.*].
- HISAMATSU, S.: A revision of the genus *Proxylobius* FLEUTIAUX of Japan (Coleoptera, Eucnemidae). *Trans. Shikoku Ent. Soc.*, 5 (8), 117-120. [*Proxylobius longicornis* p. 118, Japan, *sp. n.*].
- JOHN, H.: *Aphanocephalus shirozui* spec. nov. (Notiophygidae, Col.). *Mushi*, 31 (6), 61-62. [*Aphanocephalus shirozui* p. 61, Loo-Choo, *sp. n.*].
- KÔNO, H. and K. MORIMOTO: *Attelabidae* from Shansi, North China (Coleoptera). *Ibid.*, 31 (3), 25-28. [*Pselaphorhynchites yasumatsui* p. 26, China, *sp. n.*].
- NOMURA, S.: Fünf neue Serropalpiden-Arten aus Japan und Formosa (Coleoptera). *Kontyû*, 26 (1), 7-14. [*Phloeotrya trisignata* p. 7, *P. rufiventris* p. 9, *Melandrya obsoletomaculata* p. 12, *M. rufonotata* p. 13, Japan, *Cuphosis formosanus* p. 10, Formosa, *spp. n.*].
- OHNO, M.: On the genus *Paropsides* MOTSCHULSKY of Japan [Studies on the Chrysomelinae of Japan (2)]. (In Japanese with English summary). *Ibid.*, 26 (1), 33-40. [*Paropsides duodecimpustulata yuasai* p. 40, Japan, *subsp. n.*].
- TANAKA, K.: A new subgenus and two new species of the genus *Pterostichus*

from Japan (Carabidae, Coleoptera). *Ibid.*, 26 (2), 78-83. [*Pterostichus bandotaro* p. 78, *P. (Nialoë, subg. n.) muranishii* p. 80, Japan, spp. n.].

Hymenoptera

- BROWN, Jr., W. L.: A new Japanese species of the Dacetine ant genus *Epitritus*. *Mushi*, 31, 69-72. [*Epitritus hexamerus* p. 70, Japan, sp. n.].
- TSUNEKI, K.: Eine neue Art von *Trypoxylon* aus Japan (Hymenoptera, Sphecidae). *Akitu*, 7 (1), 7-8. [*Trypoxylon shimoyamai* p. 7, Japan, sp. n.].
- WATANABE, C.: Further revisions of *Spinaria* BRULLÉ and *Batotheca* ENDERLEIN, with description of a new genus (Hymenoptera, Braconidae). *Acta Hymen.*, 1 (1), 51-53. [*Batothecoides* p. 53, g. n.].
- WATANABE, C.: Insect of Micronesia. Hymenoptera: Eucharidae. Insect of Micronesia, 19 (2), 19-34. [*Schizaspidia brevifurcata*, western Caroline Is. (Palau), *Stilbula carolinensis*, western and central Caroline Is., *Losbanus gressitti*, eastern Caroline Is. (Ponape), *Parachalcura maculata*, Marshall Is., central and eastern Caroline Atolls, spp. n.].
- YASUMATSU, K.: A new addition to the genera of the Sclerogibbidae (Hymenoptera). *Kontyû*, 26 (1), 20-24. [*Caenosclerogibba* p. 21, g. n., *C. japonica* p. 22, Japan, sp. n.].

Diptera

- HARA, J.: On the newly recorded mosquito, *Aedes (Aedes) rossicus* DOLBESHKIN, GORITSHKAYA et MITROFANOVA, 1930 with the keys to the species belonging subgenus *Aedes* known from Japan (Diptera: Culicidae). Taxonomical and ecological studies on mosquitoes of Japan (Part 10). *Jap. Jour. Sanit. Zool.*, 9 (1), 23-27.
- OKAMOTO, M.: On *Simulium (Boophthora) yonagoense* n. sp. *Ibid.*, 9 (1), 39-45. (In Japanese with English summary). [*Simulium (Boophthora) yonagoense*, p. 39, Japan, sp. n.].
- SASAKAWA, M.: Descriptions of two new *Phytomyza*-species from Mt. Nachi, Japan (Diptera, Agromyzidae). *Akitu*, 6 (4), 90-92, 1957. [*Phytomyza deutziae* p. 90, *P. tamui*, p. 90, Japan, spp. n.].

XIth International Congress of Entomology

The XIth International Congress of Entomology will be held in Vienna from August 17 th to August 25 th, 1960. Prof. Dr. KARL E. SCHEDL is the President, and Dr. MAX BEIER is the General Secretary. All persons who are interested and who have not yet received a circular letter, are asked herewith to please write a postcard to the Secretary's office as soon as possible: Burgring 7, Vienna 1. Further information will be sent to them immediately.
