PREFACE

This is the inaugural number of the Annual Report, Research and Clinical Center for Child Development (RCCCD). The RCCCD was formally established on April 1, 1978 as an organization affiliated with the Faculty of Education, Hokkaido University.

In this report are included, among others, papers on the present status of our research projects launched during the prenatal period of the RCCCD.

Let me take this opportunity of expressing my profound gratitude to all the people who rendered help to us for the establishment of the RCCCD. Without their support our long-cherished vision could never have been realized.

Kazuo Miyake, Professor
Director
RCCCD
