

HOKKAIDO UNIVERSITY

Title	HOKUDAI "RCCCD" ROSTER
Citation	乳幼児発達臨床センター年報, 16, 139-153
Issue Date	1994-03
Doc URL	https://hdl.handle.net/2115/25302
Type	departmental bulletin paper
File Information	16_P139-153.pdf

HOKUDAI "RCCCD" ROSTER

Name: Kunio Wakai

Title: Professor

Status at RCCCD: Director

Affiliation: Department of Developmental Psychology, Hokkaido University.

Research field: Developmental Psychology

Office No.: C-303, RCCCD

Office phone: 011-716-2111 (Ex. 3109)

Home address: 3-4-16 Nakajima-cho, Eniwa 061-14

Home phone: (0123)34-5257

Education: M. Ed. 1964 University of Tokyo, Educational Psychology

B. A. 1962 University of Tokyo, Educational Psychology

B. A. 1959 Niigata University, Educational Psychology

Professional appointments:

1992 Invited Lecturer, Portland State University, Oregon, USA

1989 Professor & Director of the RCCCD, Hokkaido University

1982 Professor, Faculty of Education, Kobe University

1978 Associate Professor, Faculty of Education, Kobe University

1972-74 Visiting Scholar, Harvard-Yenching Institute, Harvard University

1969 Assistant Professor, Faculty of Education, Hokkaido University

1967 Lecturer, Faculty of Education, Hokkaido University

Current research interests:

1. Cognitive development in early childhood.
2. Environmental affordance and children's play activity.
3. Development of sensori-motor coordination in preschool children.
4. Experiential contexts of cognitive development; Mentors for contemporary Japanese college students.

Major publications & presentations: (In Japanese, if not otherwise noted)

Educational theories in the world: Jerome Kagan. *Educational Psychology*, 1979, 27, 10, 74-79.

Culture and cognitive development. In T. Muto (Ed.); *Advance of Piagetian psychology I: Language, society, and culture*. Tokyo, Kokudo-sha Publ. Co., 1982.

Culture and Thought. Tokyo, Saiensu-sha Publ. Co., 1982. (Translation of *Culture and Thought*, by M. Cole & S. Scribner. Wiley, 1974).

Textbook of developmental psychology. Tokyo, Seishin Shobo Publ. Co., (Translation of *Child Development and Personality*, by P. H. Mussen, J. Conger, & J. Kagan, Harper & Row, 1974).

"Ka Na'i Pono": A message from the Kamehameha Kingdom of child education. (In English). *Annual Report of the RCCCD*, 1984-85, 7, 63-70.

A note on the methodology of development research: The way how scientific knowing should be—Lessons from "Cornell hoax"—. *Bulletin of the Faculty of*

Education, Hokkaido University, 1991, 55, 145-155.

A quest for parental love: How do Japanese mothers conceive mother's love?
Annual Report of the RCCCD, 1990-91, 14, 97-117. (In English.)

Name : Shing-jen Chen

Title : Associate Professor

Status at RCCCD : Steering Committee Member & Research Fellow

Affiliation : Research & Clinical Center for Child Development

Research field : Behavioural Development

Office No. : C-308, RCCCD.

Office phone : Ext. 2607

Home address : 15-140 Higashi 2-chome, Kita 19-jo, Higashi-ku, Sapporo, 065

Home phone : 011-711-1231

Education :

D. Ed.	1990	Hokkaido University	Major : Developmental Psychology
M. Ed.	1978	Hiroshima University	Major : Pedology (Child Psychology)
B. Litt.	1975	Oxford University	Major : Social Anthropology
Diploma	1972	Oxford University	Major : Social Anthropology
B. L.	1968	National Cheng-chi Univ.	Major : Public Administration

Professional appointments :

1990 Associate Professor, RCCCD, Hokkaido University

1984 Assistant, Dept. of Developmental Psychology, Hokkaido University

1969-1971 Research Assistant Centre for Education in Public & Business Administration, National Cheng-chi University

Current research interests :

1. Dynamic systems approach to motor development (including cry expression).
2. Parenting, child-parent relationship in comparative perspective.
3. Vygotskian concepts and their application.

Major publications & presentations :

Chen, S. J. & Takahashi, Y. Cross-cultural comparison of mother-infant relationship in Japan and the United States: a critical review. *Japanese Psychological Review*, 31(1) 101-111, 1988. (In Japanese with English summary)

Chen, S. J. & Savelsbergh, G. J. P. Absence of avoidance response to impending collision in children. *Annual Report of the RCCCD*, Faculty of Education, Hokkaido University, 1991-1992, No. 15, 43-48.

Savelsbergh, G. J. P. & Chen, S. J. Looming: an information source for avoiding and making contact. *Annual Report of the RCCCD*, Faculty of Education, Hokkaido University, 1991-1992, No. 15, 49-54.

Chen, S. J. The microgenesis of graphic representation in children. *Annual Report of the RCCCD*, Faculty of Education, Hokkaido University, 1990-1991, No. 14, 63-71.

Chen, S. J. Child-rearing culture and modernization: Israel, China, and Japan. In Lamb, M. E., Sternberg, K. J., Hwang, C-P., & Broberg, A. g. (Eds.), *Child*

care in context : Cross-cultural perspectives. 1992, 395-399, LEA, Hillsdale, N. J.

Name : Yukari Shirotani

Title : Instructor

Status at RCCCD : Full-time staff

Affiliation : Faculty of Education., Hokkaido University

Research field : Developmental psychology, Early childhood education

Office phone : 011-716-2111 (Ex. 3107)

Home address : 3-3-5-39-401, Hassamu, Nishi-ku, Sapporo 063

Education : M. A. 1989 Tsukuba University, Psychology

B. A. 1987 Tsukuba University, Psychology

Professional appointments :

1993 Counselor of child development, Hokkaido University Hospital

1991 Instructor, Hokkaido University

1990-1991 Counselor of child development, Health Center for Ibaraki Prefecture

1987-1991 Counselor of child development, Tsukuba Infant Consultation

Current research interest :

- 1) Cognitive development in childhood ; development of representation
- 2) Infant therapy and consultation
- 3) Child education

Major publications & presentations :

A developmental study of children's drawing : Drawings of cubes. Tsukuba Psychological Research, 1991, 13, 203-208. (In Japanese with English abstract)

Perspective taking in children's drawing of balls. Annual Report of the RCCCD, 1990-1991, 14, 93-96. (In English)

The relations of young children's understanding of representational change, false belief, and the appearance-reality distinction. Tsukuba Psychological Research, 1990, 12, 145-150. (In Japanese with English abstract)

Effects of real experiences on cognitive development in preschool children. Tsukuba Psychological Research, 1990, 12, 137-144. (In Japanese with English abstract)

Young children's understanding of the appearance-reality and pretending-reality distinctions. Tsukuba Psychological Research, 1989, 11, 73-78. 12, 137-144. (In Japanese with English abstract)

On the play therapeutic process for a six year old stuttering child. Bulletin of Tsukuba Developmental and Clinical Psychology, 1992, 4, 43-49. (In Japanese)

A report of consultation for young children who have mental retardation and/or developmental disorders in Ibaraki prefecture. Bulletin of Tsukuba Developmental and Clinical Psychology, 1992, 4, 73-78. (In Japanese)

Name : Kimiharu Satoh

Title : Associate Professor

Status at RCCCD: Steering Committee Member and Research Fellow

Affiliation: Department of Develpm. Psychol., Fac. Ed., Hokkaido Univ.

Research field: Cognitive Development

Office No.: C-203, RCCCD

Office phone: 011-716-2111 (Ex. 3291)

Home address: 3-chome 4-3, Taihei 8-jo, Kita-ku, Sapporo 002

Home phone: 011-774-1387

Education: M. Ed. Hokkaido University, Developmental psychology

Professional appointments:

- 1989 Assistant Prof., Faculty of Education, Hokkaido University
- 1982 Assistant Prof., Hokkaido University of Education, Iwamizawa
- 1979 Lecturer, Hokkaido University of Education, Iwamizawa
- 1978 Assistant, Hokkaido University of Education, Iwamizawa

Current research interests:

- Cognitive development in childhood.
- Children's discourse processes in literary learning.
- Social interaction and its effects on knowledge acquisition of children in classroom settings.
- Children's knowledge acquisition and learning processes in science education.

Major publications & presentations:

- A study on children's attention allocation and selective memory on incidental memory task. *Japanese Journal of Educational Psychology*, 1982, 30, 201-210. (In Japanese with English summary)
- Reflection-impulsivity as a differentiation of a decision criterion under decision-making situation. *Japanese Journal of Educational Psychology*, 1983, 31, 186-194. (In Japanese with English summary)
- A study on the development of communication behavior and of the knowledge of communication strategy. *Japanese Journal of Psychology*, 1984, 31, 303-306. (In Japanese with English summary)
- Knowledge acquisition of children in science learning. *Bulletin of Hokkaido University of Education*, 1987, 37, 101-115. (In Japanese).
- A note on children's discourse comprehension in educational settings. I~III, *Bulletin of Hokkaido University of Education*, 1988~89, 38~39, (In Japanese).
- Analyzing eye-fixations to assess individual differences in solution strategies for spatial tasks. *Annual Report 1990-1991*, Research and Clinical Center for Child Development, Faculty of Education, Hokkaido University, 1992, 14, 81-91.
- A social interactional perspective in development and learning (part 1), *Bulletin of the Faculty of Education*, Hokkaido University, 1992, 39, 23-44. (In Japanese).

Name: Takashi Morotomi

Title: Professor

Status at RCCCD: Steering Committee Member and Research Fellow

Research field: Cognitive-clinical Psychophysiology, Perception

Office phone : 011-716-2111 (Ex. 3105)

Home address : 10-18, 2-chome, Asari, Otaru, 047-01

Education : M. Ed. 1968 Hokkaido University, Psychophysiology

B. A 1965 Hokkaido University, Clinical Psychology

Professional appointments :

1991 Professor, Faculty of Education, Hokkaido University

1983 Professor, Faculty of Education, University of Iwate

1979-1981 Visiting Research Fellow, Univ. of Keele

1974 Associate professor, Faculty of Education, University of Iwate

1972 Lecturer, Faculty of Education, University of Iwate

1970 Assistant, Faculty of Education, University of Iwate

Current research interests

- (1) Investigation of evoked potential correlates of depth and subjective contour.
- (2) EEG and event-related potential study on habituation and dishabituation as basic mechanism of learning.
- (3) Event-related potential study on memory representation of mental retardation by odd ball paradigm.

Major publication & presentations :

1. The effect of repetition of semantic priming task on event-related potential. *Japanese Journal of Physiological Psychology*, 1993, vol. 11 (In Japanese)
2. Visual evoked potentials elicited by subjective contour figures. *Scandinavian Journal of Psychology*, 1991, vol. 32.
3. Evoked potential correlates of Kanji processing; the interaction between meaning and configuration. *Logopedics and Phoniatrics*, 1986.
4. Enhancement of visual evoked potentials occurred in the recovery process. *Electroencephalography and Clinical Neurophysiology*, 1983, vol. 56
5. Selective reduction in visibility of a post-target by an identical pre-target masked by noise. *Perception & Psychophysics*, 1981, vol. 30
6. Enhancement of evoked responses to brief flashes and its correlation with off responses to pre-exposed light stimulation. *Vision Research*, 1975, vol. 15.

Name : Takashi Furutsuka

Title : Associate Professor

Status at RCCCD : Steering Committee Member and Research Fellow

Affiliation : Department of Special Educ. & Clinical Psychol., Fac. Ed., Hokkaido Univ.

Research field : Developmental disorders in cognition

Office No. : C-206, RCCCD

Office phone : 011-716-2111 (Ex. 3108)

Home address : 2-chome 9-2, 6-jo, Kita-ku, Sapporo 002

Home phone : 011-773-4898

Education : M. Ed Hokkaido University, Major : Psycho-physiology

B. Ed. Hokkaido University, Major : Perception and motion.

Professional appointments :

- 1985 Assistant Professor, Faculty of Education, Hokkaido University
 1975 Assistant, Faculty of Education, Hokkaido University

Current research interests :

1. Cognitive development in children with mental and affective disorders.
2. Rearrangement of transactions in children with developmental disorders and their mothers.

Major publications & presentations :

- Furutsuka, T. Effects of rapid attention switching on the N1-P2 amplitude of the visual event-related potentials. *Annual Report*, 1987-1988, (No. 11), RCCCD, Faculty of Education, Hokkaido University, 1988.
- Furutsuka, T. Helping families with mentally handicapped children. *Hattatsu*, 1990, No. 11 (Supplement volume). (In Japanese).

Name : Jun'ichi Katayama

Title : Instructor

Status at RCCCD : Steering Committee Member and Research Fellow

Research field : Cognitive psychophysiology

Office phone : 011-716-2111 (Ex. 3089)

Home address : Kita 36, Higashi 19-3-26-B, Higashi-ku, Sapporo 065

Education : Ph. D. 1993 Kwansei Gakuin University, Psychology
 M. A. 1986 Kwansei Gakuin University, Psychology
 B. A. 1984 Kwansei Gakuin University, Psychology

Professional appointments :

- 1991 Instructor, Hokkaido University
 1989-1991 Fellowship for Japanese Junior Scientists of the Japanese Society for the Promotion of Science

Current research interests :

- Mechanisms of the human attentional processes.
 Changes of event-related brain potentials associated with semantic priming effects.

Major publication & presentations :

- Cognitive psychophysiology and event-related brain potentials. *Jinbun Ronkyu*, 1986, 36(3), 55-72. (In Japanese)
- Sentence verification and event-related brain potentials. *Biological Psychology*, 1987, 25(2), 173-185.
- Event-related brain potentials to nonwords and semantically different words. *Perceptual & Motor Skills*, 1987, 65(3), 871-874.
- A reply to Hillyard. *Perceptual & Motor Skills*, 1988, 66(2), 354.
- The effects of saccade direction on saccade-related brain potentials. *Japanese Journal of Physiological Psychology and Psychophysiology*, 1989, 7(1), 53-58. (In Japanese with English abstract)
- The effects of task relevancy on event-related brain potentials elicited by infrequently presented nonwords and semantically deviant words. *Psychologia*, 1990,

33(2), 91-99.

N400 in orthographic decision tasks. *Japanese Journal of Physiological Psychology and Psychophysiology*, 1990, 8(1), 39-45. (In Japanese with English abstract)

Negative brain potentials reflect the subjective distance between standard and deviant tones. *Biological Psychology*, 1990, 31(1), 95-100.

N400 during sentence verification task: Verification of historical statements. *Japanese Journal of Physiological Psychology and Psychophysiology*, 1992, 10(1), 15-22. (In Japanese with English abstract)

Negative brain potentials elicited by an unexpected color patch or word. *Electroencephalography and Clinical Neurophysiology*, 1992, 83(4), 248-253.

Name : Hajime Kobayashi

Title : Professor

Status at RCCCD : Steering Committee Member

Research field : Sociology of Education

Office No. : Faculty of Education Building

Office phone : 011-716-2111 (Ex. 3186)

Home address : Mogami, 1-19-6, 047 Otaru

Home phone : 0134-29-0784

Education : 1965 B.L. Hokkaido University

Professional appointments :

1991-Present Professor, Faculty of Education, Hokkaido University

1981-1990 Associate Professor, Faculty of Education, Hokkaido University

1980-1981 Professor, Faculty of Cultural Science, Sapporo Commercial Univ.

1978-1980 Assis. Prof., Faculty of Cultural Science, Sapporo Commercial Univ.

1972-1978 Lecturer, Faculty of Education, Hokkaido University.

1965-1972 Instructor, Hokkaido Fukagawa-Nishi High School.

Current research interests :

The relationship between endogeneous development of the area and educational reform of the adolescence in Japan, Italy, and Russia.

Major publications & presentations :

“Gle operai giapponese alla catena” (Foudazione CESPE, Politica ed economia, AnnoXXI n. 3, 1990, Roma)

“Italia e Giappone : un confronto” (CISL, Il Progetto, Anno Xi n. 66, 1991, Roma)

“On the civic networks to bring up children’s self-enrichment” (Committee for the Joint Congress of Education in Hokkaido (eds.), *Hokkaido no Kyoiku*, 1991)

Dissimilation out of assimilation: life and culture of the workers in a big electric factory. (Report of the Centre for Industrial Education and Planning, Faculty of Education, Hokkaido University, n. 40, 1992)

Name : Tsutomu Suda

Title : Associate Professor

Status at RCCCD : Steering Committee Member

Research field : Developmental Physiology

Office phone : 011-716-2111 (Ex. 5440)

Home address : Kita-40-jo, Higashi-9-chome, Higashi-ku, Sapporo 065

Education : B. A. 1966 Hokkaido University, Faculty of Education

Professional appointments :

1981 Associate Professor, Faculty of Education, Hokkaido University

1975 Lecturer, Faculty of Education, Hokkaido University

1973 Teacher, Naganuma Senior High School in Hokkaido

1967 Teacher, Bihoro Senior High School in Hokkaido

Current research interests :

1. Physical activity and fitness in elderly.
2. Development of physical fitness in children.

Major publication & presentations :

Suda T., et al. (1988) Retention of the fitness with aging after 31 to 33 years from the student days. *Japan J. Phys. Educ.* Vol. 32 No. 4 : 255-265, (In Japanese with English summary)

Suda T., et al. (1990) Physiological responses to snow shoveling observed in aged men. In M. Kaneko (Ed.), *Fitness for the Aged, Disabled, and Industrial Worker, International Series on Sport Sciences* Vol. 20 : 75-78, Human Kinetics Books

Suda T., et al. (1992) A study on the physical activities of the Chinese students: Difference of the physical activities in the daily lives between the Chinese male students and the Japanese male students. *Japan J. Phys. Educ.* Vol. 36 No. 4 : 359-370, (In Japanese with English summary)

Name : Katsuhiko Suda

Title : Professor

Status at RCCCD : Steering Committee Member and Research Fellow

Affiliation : Department of Educ. Methodology, Fac. of Educ., Hokkaido Univ.

Research field : Curriculum construction & educational methods

Office No. : Room #403, Faculty of Education, Hokkaido University

Office phone : 011-716-2111 (Ex. 3092)

Home address : 9-2-37 Kashiwaoka, Makomanai, Minami-ku, Sapporo 005

Home phone : 011-583-2270

Education :

Professional appointments :

Current research interests :

Curriculum construction of mathematics and science for secondary education.

Major publications & presentations :

The Archimedes' axiom from the viewpoint of mathematics teaching. (With K.

Yamaguchi) *Bulletin of the Faculty of Education, Hokkaido University*, 1987, 49, 25-42.

A study of system for teaching "function". (With K. Yamaguchi) *Bulletin of the Faculty of Education, Hokkaido University*, 1988, 50, 1-55.

Name : Michiko Seki

Title : Associate Professor

Status at RCCCD : Research Fellow

Affiliation : International Student Center, Hokkaido University

Research field : Early childhood education

Office phone : 011-716-2111 (Ex. 2650)

Home address : North 17 east 4, Higasi-ku, Sapporo, Japan

Home phone : 011-711-6269

Education : M. A. 1989 Wright State University Major : Education

B. A. 1973 Faculty of Education, Hokkaido University
Major : Developmental Psychology

B. A. 1971 Faculty of Literature, Hokkaido University
Major : English literature

Professional appointments :

1978 Assistant, RCCCD, Faculty of Education, Hokkaido University.

1974 Research Assistant, Department of Developmental Psychology, Faculty of Education, Hokkaido University

Current research interests :

How young children read picture books and how they understand them. Literacy acquisition at home setting.

Major publications & presentations :

An ethnographic study of process of response of a six year old to repeated readings of a picture book. Master's thesis submitted to Wright State University.

Name : Mamoru Gotoh

Title : Professor

Status at RCCCD : Research Fellow

Research field : Special Education

Office phone : 001-778-8811 (Ex. 336)

Home address : 7-5-5, Yamate-machi, Hiroshima-cho, Sapporo-gun, Hokkaido

Education : M. Ed. 1970 Hokkaido University Major : Developm. Psychol.

B. Ed. 1966 Hokkaido Univ. Educ. Major : Educational Psychology

Professional appointments :

1990 Director, Research Institute of Rural Education, Hokkaido University of Education

1983 Professor, Faculty of Education, Hokkaido Univ. of Educ., Sapporo

1976 Assoc. Prof, Faculty of Education, Hokkaido Univ. of Educ., Sapporo

1973 Assistant. Faculty of Education, Hokkaido Univ. of Educ., Sapporo

Corrent research interests :

1. Preschool education for handicapped children
2. Study on the behavior space analysis

Major publication & Presentations :

- Methodological investigation on the behavior space analysis. *Bulletin of Hokkaido University of Education*, 1983, 34, 73-87. (In Japanese)
- A study on systematization of behavior space Therapy. *Bulletin of Hokkaido University of Education*, 1984, 34, 77-86. (In Japanese)
- Preliminary consideration on a validity of relative behavior coefficient. *Bulletin of Hokkaido University of Education*, 1992, 42, 147-156. (In Japanese)
- A study on integrated education (II). Analysis of kindergartens in rural parts of Hokkaido. The Rural Education Institute, Hokkaido University of Education, 1993, 43-49. (In Japanese)

Name : Hiroshi Usui

Title : Associate Professor

Status at RCCCD : Research Fellow

Education : M. Ed. Hokkaido University Major : Developmental Psychology
B. Ed. Hokkaido Univ. Educ. Major : Educational Psychology

Professional appointments :

1992 Professor

1989 Assoc. Prof. Faculty of General Educ. Hokkaigakuen University

1985 Assist. Prof. Women's Junior College, Sapporo University

1983 Lecturer. Women's Junior College, Sapporo University

Current research interests :

My major concern is cognitive development in early childhood. Now I am particularly interested in the issues of story comprehension in children.

Major publications & presentations :

Developmental research: From the viewpoint of cognitive science. In J. Murai (Ed.) *Theory and methodology*. (New series of child psychology, Vol. 1, Kane-ko-shobo, 1991, (In Japanese)

Theoretical perspectives on cognitive development : A new viewpoint to Piaget's theory. Seikyusha, 1987. (In Japanese)

Name : Shigeru Nakano

Title : Associate Professor

Status at RCCCD : Research Fellow

Affiliation : Department of Early Childhood Education, Fuji Women's College

Research Field : Developmental Psychology (Infancy & childhood)

Office Phone : 011-736-0311 (ext. 203), 011-736-2801, Fax : 011-709-8541

E-mail Address : nakano@abelab2.hubs.hokudai.ac.jp

Education :

Candidate for Ph. D., 1985, Graduate School of Education, Hokkaido University.

M. A. in Developmental Psychology, 1980, Graduate School of Education, Hokkaido University.

B. A. in Developmental Psychology, 1978, Faculty of Education, Hokkaido University.

Professional Appointment :

1988 Associate Professor of Developmental Psychology, Fuji Women's College.

1985 Assistant Professor of Developmental Psychology, Fuji Women's College.

Current Research Interests :

The goal of my recent researches is to investigate developmental processes of reading others' intention in children under age three. Especially, it is focused on whether they can read their mothers' play intention in teasing. In those research, referring Bateson's theory of meta-communication, relation between pretense and mindreading is being persisted.

Major Publications & Presentations :

The effects of mothers' teasing : Do Japanese infants read their mothers' play intention in teasing? *Early Development and Parenting*, Vol. 2 pp.7-18, 1993.

Reconsideration of consistency of infant's attachment types classified by the Strange Situation Procedure: From viewpoint of Japanese beliefs on "skinship." Paper presented at 7th Asian Workshop on Child and Adolescent Development. January, 1993, Jakarta, Indonesia.

Developmental changes in young children's understanding of their mothers' play intention during playful teasing. A paper prepared for a symposium at International Society for the Infant Studies in Paris, June, 1994.

Maternal playful teasing as a socializing device for toddlers' separation. A paper prepared for a symposium at International Society for the Study of Behavioral Development in Amsterdam, June, 1994.

Name : Yuko Kanaya

Status at RCCCD : Research Fellow

Affiliation : Department of Early Education, Kokugakuin College

Research field : Developmental psychology

Office No. : 204

Office phone : 3107

Home address : Stage 13 #505, N-13 W-4, Kita-ku, Sapporo 001

Home phone : 011-737-7002

Education : M. A. 1976 Keio University. Major : Developmental psychology

B. A. 1972 Tsuda College. Major : English literature

Professional appointments :

1988-Present Associate Professor, Department of Early Education, Kokugakuin College

1985-1988 Lecturer, Department of Early Education, Kokugakuin College

Current research interests :

My present research interest is in emotional development, particularly in issues such as the following; the function of emotion in human development, the differences and commonalities in socialization of emotion in different social network systems, the relations between the mode of infant-mother or infant-significant others' emotional communication and the later development of self regulation.

Major publications & presentations :

Kanaya, Y. (in press) The development of infant-mother attachment relationship

- (in Japanese). *Journal of Developmental Psychology and Medicine*.
- Kanaya, Y. et al. (1988) Cross-cultural study of expressive behaviour of mothers in response to their 5-month-old infants' different emotion expression. *Annual Report of the RCCCD*, 25-31.
- Kanaya, Y. (1986) Are maternal emotions associated with infant temperament and attachment? *Annual Report of the RCCCD*, 51-58.
- Kanaya, Y. & Miyake, K. (1985) The relation between mother-infant interactional characteristics in early infancy and later attachment as assessed in the Strange Situation. *Annual Report of the RCCCD*, 31-42.
