- Language: English, French
- Irregular
- ISSN 2412-1495 (online)
- DOI 10.18356/d04314eb-en-fr

A descriptive paragraph explains that the United Nations Treaty Series (UNTS) is the result of article 102 of the Charter of the United Nations, which states that every treaty and every international agreement entered into by any Member of the United Nations after the present Charter comes into force shall as soon as possible be registered with the Secretariat and published by it. It also mentions that the UNTS is by far the largest collection of treaties, running to some 2500 volumes containing 158,000 treaties from 1946. Its predecessor was the League of Nations Treaty Series (LNTS).

On the left side, there is a list of volumes:

- Volume 2015
 - + Volume 2015, Issue 2729
 - + Volume 2015, Issue 2717
- + Volume 2014
- + Volume 2010
- + Volume 2009
- + Volume 2008

The right side features a section for the "Latest Edition" titled "Treaty Series 2729" with a smiley face icon. It includes the text "United Nations Publications" and "English, French". Below this, there is a "Click to Access:" button with icons for PDF and a "READ" button. A "Cite this publication" button is also present.

At the bottom, it states "02 Feb 2015", "Pages 344", "ISBN 9789210565578 (PDF)", and "DOI 10.18356/9921b71c-en-fr". A footer note mentions "Treaties and international agreements registered in February 2011 Nos. 48258 to 48270".

INDEX TO PROCEEDINGS
(ELECTRONIC VERSION)

The distribution of INDEX TO PROCEEDINGS (ITP) in print version ceased in 2011. This publication will continue to be available as a free download:

- [General Assembly \(GA\)](#) (Starting with 63rd session - 2008-2009)
- [Economic and Social Council \(ECOSOC\)](#) (Starting with 2009 session)
- [Security Council \(SC\)](#) (Starting with 64th Year (2009) session)

The Index to Proceedings is a powerful tool which provides a window into the annual meetings of the main UN organs. The publication is comprised of a subject index to all the documents issued by the body in question during a particular session/year and an index to speeches delivered before the forum in question during a particular session/year.

Those UN depository libraries who wish to continue receiving the print version of the ITP will be able to purchase printed volumes at a special discounted price. The discount will be 50% off the list price for UN Depository Libraries in developing countries and 25% for developed countries. Volumes may be purchased from United Nations Publications at <http://www.un.org/publications>.

Please note that the Index to Proceedings publications are only published in English.

Detailed search SEARCH

This database provides easy access to jurisprudence emanating from the United Nations Treaty Bodies which receive and consider complaints from individuals: the Human Rights Committee (CCPR), the Committee against Torture (CAT), the Committee on the Elimination of Discrimination against Women (CEDAW), the Committee on the Elimination of Racial Discrimination (CERD), the Committee on the Rights of Persons with Disabilities (CRPD), the Committee on Enforced Disappearances (CED), the Committee on Economic, Social and Cultural Rights (CESCR), and the Committee on the Rights of the Child (CRC).

The jurisprudence database is intended to be a single source of the human rights recommendations and findings issued by all above committees in their work on individual cases. It enables the general public, governments, civil society organizations, United Nations partners and international regional mechanisms to research the vast body of legal interpretation of international human rights law as it has evolved over the past years.

It may also provide guidance to persons preparing complaints to be submitted to Committees by providing access to the views and decisions taken by the Committees on specific human rights issues regarding different countries.

We hope this undertaking will be useful to all users of the jurisprudence database. With an aim to continuously improve our services, we invite you to [submit](#) any comments you may have on the functioning of the database*.

*This database is based on a database designed and developed by the Netherlands Institute of Human Rights (SIM) of Utrecht University which has agreed to make its database available to the Office of the United Nations High Commissioner for Human Rights.
